

AMENDMENTS TO THE CLAIMS

Claims 1-35 (Cancelled)

36. (Currently Amended) ~~An~~ A sidewall part of a metal article ~~for~~ holding a surface relief and forming an integrated part of a container, said article relief, comprising:

a holding metal substrate,

a first layer of non-metallic material being held by the metal substrate, said first layer of non-metallic material being adapted to hold at least one surface relief, formed in the surface of said first layer, said surface relief comprising a diffracting optical element,

a color layer provided on the surface of the metal substrate for enhancing the visual effects, the first layer of non-metallic material being provided on the surface of the color layer, and

wherein surface relief is performed as a part of the rolling process or in a stamping process.

Claim 37 (Canceled)

38. (Currently Amended) ~~An article~~ A part according to claim 36, wherein the first layer of non-metallic material is selected from the group consisting of lacquers, polymers, printing inks or any combination thereof.

39. (Currently Amended) ~~An article~~ A part according to claim 36, further comprising a second layer, said second layer being substantially transparent and covering at least part of the first layer of non-metallic material.

40. (Currently Amended) ~~An article~~ A part according to claim 39, wherein the second layer is selected from the group consisting of lacquers, polymers, laminated plastic, printing inks or any combination thereof.

41. (Currently Amended) ~~An article~~ A part according to claim 39, wherein the refractive index of the first layer of non-metallic material and the second layer is different.

Claim 42 (Cancelled)

43. (Currently Amended) An article according to claim 36, wherein the ~~container~~ article is a food container.

44. (Currently Amended) An article according to claim 36, wherein the ~~container~~ article is a beverage container.
